

Tobacco Plastic Pollution Crisis

United Nations Treaty to End Plastic Pollution

Negotiations underway: 2022-2024

PRIORITIES

Non-Essential >

Cigarette filters serve **no** purpose; they have **no** health benefit.

We must ban non-essential plastics, without absurd cleanup or recycling schemes.

Annex B >

Cigarette butts are the #1 source of litter worldwide. 4.5 trillion cigarette butts are littered every year.

We must ensure plastic tobacco product waste is included

WHO FCTC Article 5.3 > Ensure the tobacco industry is not at the negotiating table
